

Poland is a truly beautiful country full of tourist attractions, with unspoilt nature (the sea, lakes, forests, mountains), fascinating history and hundreds of worldwide recognised monuments.

Poland has 12 sites on the UNESCO World Heritage List and 9 more on the UNESCO Biosphere Reserve List

but our country has a lot more to offer. That is why we are here for you - to help you reach all the places you wish to see and make your stay in Poland as pleasurable as possible. All the tours have been prepared for young people and are designed to let them see for themselves places crucial for the history - not only of Poland, but of the entire Europe.

### **Join us and experience a spiritual and cultural discovery!**

The only thing we cannot do for you is to choose from our offer the tour you are most interested in!

We organise individually designed tours - in such case please contact us to specify all your expectations concerning the programme of the tour. We will be happy to answer any queries. We hope to see you soon and welcome you again in the future.

**With best wishes,
